### NOTES FOR THE MOJAVE MAGNUM EVENT SCHEDULE

**NOTE 1 - WAIVERS:** To be eligible to sign waivers and get a wristband, your name must be on our official racer/guest list.

Everybody intending to enter the event area must sign the insurance waivers and liability agreements so they can receive a gate pass (right arm) wristband. **(All under-18 attendees require a parent/legal guardian to sign a special waiver, in person.)** Competitors must do this before they proceed to check-in. For late-arriving racers, this may also be done at the gate in the morning. Nobody gets through the event gate without having one of these right-arm wristbands.

**NOTE 2 - ON-TRACK CREW/MEDIA:** For pre-approved media, or crew members that MUST be able to get onto the track - generally start-line helpers, recovery drivers, and so forth - there will be a separate form for them to sign to get a special left-arm wristband (after they have signed waivers and gotten their right-arm wristbands above). Please note that your guests don't need to be signed up as “on track crew” just to join you in the pits. This is for essential on-track personnel ONLY. All on-track persons must be at least 18 years of age. All on-track/media support vehicles must also have an official window sticker, available at Check-in or at the Sales Trailer at the track.

**NOTE 3 - TECH INSPECTION:** You must first get checked in before you can go through Tech. Tech is split into two parts; Vehicle Tech and Driver/Rider Tech. Vehicle Tech is where your car or bike is checked over and gets its Tech Sticker. Driver/Rider Tech is where your personal safety gear is checked, and you get your Tech (left arm) wristband. You must have the Tech Forms that you received at Check-in. No Forms, No Tech. The primary driver/rider must be present when his/her vehicle is Teched.

**NOTE 4 – ROOKIES & LATE (day of race) ARRIVALS:** ALL ROOKIES MAKING THEIR FIRST RUN TODAY MUST BE ALREADY ENTERED ONLINE and FULLY PREPAID. THEY MUST ARRIVE AT THE TRACK BY 7:00 AM AND PROCEED DIRECTLY TO THE MKM MOTOR HOME FOR ROLL CALL AT 7:15! ROOKIES ARRIVING ANY LATER MAY NOT GET TO RUN TODAY! Other pre-registered entrants (with all their forms done) who did not make it to the hotel can check in at the track starting at 7:30 AM.

**Racer Late Arrival Procedure:** First, at the gate, sign the waivers and get your right-arm wristbands. Then find a parking spot, and then proceed to the sales trailer near the MKM motorhome for check-in. Any essential on-track crew members (Note 2) must also check in here to get their special left arm wristbands. You will receive your Tech forms, vehicle numbers, etc. Then, you may proceed to Tech Inspection. Late Arrivals will most likely have to wait in line to get checked in and to go through Tech. This WILL cause some lost run time. Arrive as early as you can!

**NOTE 5 - OVERNIGHT PARKING** – Available Friday and Saturday night only. Rigs and/or race vehicles may be left overnight in the paddock area. If they are, they must be locked, secured, and turned off. No running generators allowed and propane valves must be shut off. The wind here can be fierce; all loose items that might blow away must be stowed. Don't leave anything out. If you use a car cover, you must lash it to the vehicle - elastic is not good enough! Note that this is overnight parking only, not camping! NO ONE is allowed to stay overnight inside. After the gate closes at 7 PM there will be no access until morning. Security will patrol the area all night. All vehicles and rigs left inside the airport must have a sticker on them with local contact info. Blank stickers are available at Check-in/Registration or the Sales Trailer.
