Thanks to all of you who came and raced with us on a beautiful spring day in Mojave. 120 racers took to the track. Due to several delays, including an accident, we were only able to do slightly less than 300 runs. That's a lot fewer runs than we had anticipated. We apologize to those of you who weren't able to get the number of runs you should have had.

Yellow shading indicates the class winner and trophy recipient. Trophies (plaques) will be mailed to you.  
 Blue shading indicates an Index Challenge Winner. You will also be getting trophies.

OVER means the run violated our Speed Limit policy and was discarded from scoring.  
 TM means Timing Malfunction; no speed was recorded. Our apologies if you were affected.  
 DNF means the racer Did Not Finish the run.  
 DNS means Did Not Start; the vehicle never started a run, probably due to a mechanical issue.

Terry Carlson, in his red twin-turbo Ford GT, set a new record for Fastest Car at the Mojave Mile, at 226.4 MPH. Terry also becomes the first member of our 225 MPH club. Our congratulations to him. We also welcome these new members to our 200 MPH club: Tom Krause; Joel Feingold; Kelvin Bloom; Summer Fries; Dave Sonsky. These new club members will be receiving their shirts very soon!

We hope to see all of you at our next Mojave Mile, which will be a two day event on October 8-9, 2011. We will be limiting pre-entries to 120. After that it is not certain if any more spots will be available. It is likely that the event will sell out. You should not plan on being able to "walk in" and enter at the event itself. We will announce (on our Web site) when we will begin accepting entries.

As a result of some operational issues at this April race, we will be significantly changing many of our rules, classifications and procedures. A new Rule Book and new forms and documents will be released as soon as they are ready. Watch for them on our web site.

Thanks again for coming out!  
 The Mojave Mile Staff & the crew at MKM Racing
